New look design & fun colours

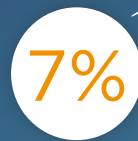

Families worldwide use their GoTo Seats in shopping carts, on swings and granny's dining chair. They make day-to-day stuff easier and mean kids don't miss out on anything.

The new GoTo Seat provides all the comfort and support of the classic GoTo design, but is now suitable for more kids and has dozens of added features requested by parents and therapists.

Reassuringly supportive and surprisingly lightweight, the new GoTo Seat is great for kids with mild-to-moderate postural needs, providing your family with more options wherever you decide to go.
