Time to Train

GottaGo comes with an exclusive toilet training guide, specially tailored by our experienced clinical team. Alongside the seat, the guide will support and motivate both you and your child on their way to toileting independence.

Perfect for Families at Home and Away

GottaGo is an innovative, compact, portable toilet seat which provides you with the consistency needed for toileting success.

Designed with active families in mind, we are lifting the limits on where you can go and for how long by providing a comfortable, stylish toilet seat which can be used both home and away.

Complete with a neat backpack for stress-free travel and a toilet training guide, the GottaGo is a toilet seat like no other - making toilet time easier for everyone.

- 1 Lightweight and sturdy
- Can be used over any toilet or with a potty insert
- 3 Retractable legs for easy folding, stowing and different height settings
- 4 Snug hug-like fit and warm touch materials for extra comfort

GottaGo's unique squat posture makes going to the toilet easier

The **GottaGo** is designed to hold your little one in a forward leaning deep squat position. This natural posture allows the muscles controlling their bladder and bowels to relax, making going to the toilet easier for your child.

- 1 Knees above hips, supported feet slightly behind knees
- 2 Support along thighs for improved pressure distribution and user comfort
- Adjustable back and lateral supports to enhance squat posture and comfort for better functioning on the toilet

Meet Wilson

"The **GottaGo** and its unique training guide have been transformational for Wilson – it brought us from nappies and laxatives to independence and freedom."

Squatting works!

Amy, Wilson's mum.
