

playpak

The Portable Activity Kit

**Supporting
Special Needs Family Participation**

fun therapy at home or on the move.

You already know how important therapy is in your child's early years. With Playpak, every spare moment becomes a chance for great family fun and great therapy.

Once unzipped, the lightweight bag reveals a colourful floor mat and rolls, wedges and supports that stick together in dozens of ways, letting your child tackle different developmental postures.

Colourful loops for attaching favourite toys

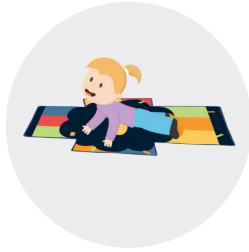

Lightweight unfolding bag/floor mat

Super sticky Velcro strips for added stability

Fluffy soft Velcro cloud

**check out
our online
therapy
program!**

Playpak also comes with a handy animated online therapy guide, featuring advice and easy-to-use instructions that will show you how to 'mix and match' the components in three key therapeutic positions, which form the basis for later abilities – back lying, tummy lying and floor sitting.
